

Brand new harvest vessel added to the AquaShip fleet

Aqua Mist is the latest addition to the AquaShip fleet. She's a state-of-the-art modern harvest vessel offering 200 m3 capacity. The vessel was built at Fitjar Mekaniske Verksted/Norway and delivered to AquaShip in Kristiansund in June 2020. The Aqua Mist is already in operation in Shetland on a long-term contract.

More information about the vessel is available here: [LINK](#)

About AquaShip AS

AquaShip AS is a Norway based aquaculture service company, serving the world's leading salmon farmers. The Company has a fleet of 27 vessels and one new build expected to be delivered in 2021, consisting of wellboats, harvest vessels, feed carriers and service vessels, with operations in Norway, Scotland, Iceland, Ireland, Chile, Canada, Spain, Croatia and Shetland.

AquaShip is a result of a merger between GripShip AS and Johnson Marine Ltd, with the subsequent acquisition of Artic Shipping AS. AquaShip has a wide geographic footprint, long-term customer relationships, and strong technical competence within building and operating specialized aquaculture service vessels. The Company has a proven track-record of delivering operational excellence. AquaShip AS is a portfolio company of AMERRA Capital Management.
